

A5 Leaflet Printing Instructions

The four pages in the leaflets are arranged in this order. Four portrait A5 pages make two landscape A4 pages.

You need to print landscape Two-Sided on A4 paper making sure that the printing is the same way up.

It is easier if you have a Two-Sided printer - if you don't, put the paper through two times trying to get the printing on the right side and the printing right way up!

Printer settings:

Two-Sided Short-Edge binding

Folding

Fold so that pages 1 and 4 are on the outside.
You should finish with an A5 four page leaflet
